

ScanMaster.

Now from StoreNext.

Finally! ScanMaster is where it belongs – with the only IT company completely focused on serving independent grocers and regional chains.

And we've already taken ScanMaster to the next level. Exclusively available from StoreNext dealers, our new ScanMaster 2.1.2 gives you over 25 new features and capabilities. And it's ready for you today.

Designed for independents, ScanMaster joins ISS45 in the StoreNext family of POS solutions. ScanMaster will work seamlessly with our entire line of products and services, which includes the industry's most advanced POS systems and equipment, self-checkout, back-office solutions, mobile computing, electronic shelf labels, headquarters and hosting applications – all integrated and packaged for the unique requirements of the independent grocer.

So if you're an independent, take a closer look at the company that levels the technology playing field between you and the industry giants. Call to find out more about ScanMaster from StoreNext.

Complete. Ready. Today.

StoreNext. Where every day is independents' day.
